Mmmmmmmm-mmmmmm  
Hey Yeahh  
I know how it feels to be alone  
I know

Ohhhh I know  
What is like to be afraid  
Scared to face another day

When ya needed an angel  
To flight to my side  
Somebody to save me  
Yeaaahh  
From the dark and lonely night

When ya needed to  
Feel love, feel love  
Here in my life  
I found you  
I found you

Inside I was looking for  
A face to hide  
Ohhh then I saw you yeahhh  
Shining right up in my sun  
And I knew you were the one

When ya needed an angel  
To flight to my side  
Somebody to save me  
From the dark and lonely night  
When ya needed to

Feel love, feel love  
Here in my life  
I found you yeaaahh

Hmmm I found you  
Your the wind that carries me  
My every breath  
Every deep  
I can see for ever in your eyes

When ya needed an angel  
To flight to my side  
Somebody to save me  
From the dark and lonely night  
When ya needed to  
Feel love, feel love  
Here in my life  
I found  
I found  
I found

Yeah, yeah right to my side  
Somebody to save me  
From the dark and lonely night  
Someday mmmmm  
Dark and lonely night  
Right to my side  
Somebody to save me c'mon yeah  
In the dark and lonely night
