The day we met
frozen i held my breathe
right from the start

i knew that i found the home from my heart
beats fast;
colours and promises
how to be brave,
how can i love when i'm afraid
to fall

watching you stand alone
all of my doubts
suddendly goes away some how
one step closer

I've died every day waiting for you
darling dont be afraid i've loved you
for a thousand years, i love you for a thousand more

time stands still
beauty and all she is
i will be brave
ill will not let it me

think take away
standing in front of me
every breathe, every hour
has come to this
one step closer

I've died every day waiting for you
darling don't be afraid i've loved you
for a thousand years, i'll love you for a thousand more

dont feel alone, i believed i would find you
time is right
your heart to me
I've loved you for a thousand years,
i love you for a thousand more

oooh ooooooh x 2

I love you for a thousand more

Ooh ooooooh x 2

One step closer

I've died every day waiting for you

darling dont be afraid i've loved you

for a thousand years, i love you for a thousand more

dont feel alone, i believed i would find you

time is right

your heart to me

I've loved you for a thousand years,

i love you for a thousand more
