Like a car chase
On the highway
We were going nowhere real fast
I let your tear my heart out
I wear it on my sleeve now
I thought I'd never take my foot off the gas

You made me smear my makeup
Nothing but dried, black mascara
I'm letting it go...

Tears won't last forever
Life only gets better
When the world lets me down
I'll paint a smile on,
Paint a smile on

Break my heart, it won't matter
I'll piece it back together
When the world lets me down
I'll paint a smile on,
Paint a smile on

I'm gonna say
Oh, oh woah, oh-oh, oh woah
I'm gonna say
Oh, oh woah, oh-oh, oh woah
I'm gonna say
Oh, oh woah, oh-oh, oh woah

I'll paint a smile on,
Paint a smile on

I'll forgive you
But I'd never kiss you
You'll miss my strawberry lipstick
Yeah, I hope it hit you
Just like a missile
Promise you'll never find a better chick

You made me smear my makeup
Nothing but dried, black mascara

Iâ€™m letting it go...

Tears wonâ€™t last forever
Life only gets better
When the world lets me down
Iâ€™ll paint a smile on,
Paint a smile on

Break my heart, it wonâ€™t matter
Iâ€™ll piece it back together
When the world lets me down
Iâ€™ll paint a smile on,
Paint a smile on

And Iâ€™m gonna say
Oh, oh woah, oh-oh, oh woah
And Iâ€™m gonna say
Oh, oh woah, oh-oh, oh woah
And Iâ€™m gonna say
Oh, oh woah, oh-oh, oh woah

Iâ€™ll paint a smile on,
Paint a smile on

Iâ€™m gonna keep my head up, precious all
Itâ€™s time I feel pretty all over again
Whatever the cost, Iâ€™ll take a loss
Yeah, itâ€™s time that I get back to me

Tears wonâ€™t last forever
Life only gets better
When the world lets me down
Iâ€™ll paint a smile on,
Paint a smile on

Break my heart, it wonâ€™t matter
Iâ€™ll piece it back together
When the world lets me down
Iâ€™ll paint a smile on,
Paint a smile on

And Iâ€™m gonna say
Oh, oh woah, oh-oh, oh woah
And Iâ€™m gonna say
Oh, oh woah, oh-oh, oh woah
And Iâ€™m gonna say
Oh, oh woah, oh-oh, oh woah
