"Work"

Jasmine Villegas - Work

You canÂ't be pushing up on it, you better work if you
want it (x4)

DonÂ't even call me, if you got about 2 or 3 other
booÂ's
Cuz if you want me, your gonna have to give more than
usual
Well we donÂ't playing, one more time is just way to
valuable
I donÂ't like, so donÂ't try, to be like the last guy,
way to comfortable

Pre chorus-
h-h-hommie , if you wanna stand right here next to me
that be the only, only chick in this room youÂ'll ever
see
so if you want me, gotta give gotta give me your
everything
cuz I need the right guy, to be on the right side
giving it all to me

chorus-
do you really want me? I am your responsibility
do you really want me? Text him out of the box, and
bring me some money
do you really want me? Pretty boy pretty boy
you should add them three, do you really want me?
Clear yourself, and then make it clear to me
You betta work (x5)

You canÂ't be pushing up on it, you better work if you
want it (x4)
Yeah what ya gonna do baby, tell me tell me what ya
gonna do baby? (x4)
WORK!

M & M boy, make it clear to me, cuz are you gonÂ' get
Smile and keep chemistry, you and me
More than you wish, live the hopes and believing and
Make it believe, so donÂ't be at the wrong beside 7

Is fine enough for me

Pre chorus-
h-h-hommie, if ya really got just what it takes
why donÂ't you show me? Go ahead
and why donÂ't you make my day
cuz ivÂ'e been waiting, waiting long enough
now itÂ's time to take your place
cuz I need the right guy, to be on the right side
giving it all to me

(chorus)

Stepping to a cutie all the way to dope
Talking boutÂ' who call us and you wonÂ't play but
Gonna get a little dirty, if you want my love
Cuz im worth it, yea IÂ'm so worth it yea!

Let me see ya, WORK (x9)
Work it out now (x8)
YOU BETTA WORK!
