The time has come and so have I
I'll laugh last cause' you came to die
The damage done, the pain subsides
And I can see the fear clear when I look in your eye

I never kneel and I'll never rest
You can tear the heart from my chest
I'll make you see what I do best
I'll succeed as you breathe your very last breath

Now I know how the angel fell
I know the tale and I know it too well
I'll make you wish you had a soul to sell
When I strike you down and send you straight to Hell

My army comes from deep within
Beneath my soul, beneath my skin
As you're ending I'm about to begin
My strength his bane and I will never give in!

I'll tell you now I'm the one to survive
You never break my faith or my stride
I'll have you choke on your own demise
I make the Angel scream and the Devil cry

[Male/female] My honored bretheren
[Male/female] We come together
[Male/female] To unite as one
[Male/female] Against those that are damned
[Male/female] We show no mercy
[Male/female] For we have none
[Male/female] Our enemy shall fall
[Male/female] As we apprise
[Male/female] To claim our fate
[Male/female] Now and forever
[Male/female] We'll be together
[Male/female] In love and in hate

They will see, we'll fight until eternity
Come with me, we'll stand and fight together
Through our strength we'll make a better day
Tomorrow we shall never surrender [x4]

(We shall never surrender) [x2]
