There's still black marks on that county road
Where we drag raced our pickups and mustangs
And weathered all the sun and rain

And to this day up on that overpass
Even underneath the new paint, you can still see
Ali will you marry me

Take a ride, look around
There ain't no doubt

It sure left its mark on us, we sure left our mark on it
We let the world know we were here with everything we
did
We laid a lot of memories down like tattoos on this
town

There's still a rope burn on that oak branch
That hangs over the river, I still got the scar
From swinging out a little too far

There ain't a corner of this hallowed ground
That we ain't laughed or cried on

It's where we loved, lived and learned real life stuff
It's everything we're made of

It sure left its mark on us, we sure left our mark on it
We let the world know we were here with everything we
did
We laid a lot of memories down like tattoos on this
town
Like tattoos on this town

Everywhere, there we are
It hits me right in my heart

It sure left its mark on us, we sure left our mark on it
We let the world know we were here with everything we
did
We laid a lot of memories down

And we'll always be hanging around like tattoos on this
town
Like tattoos on this town
