There's still black marks on that county road, where we
drag raced our pick-ups and mustangs A
And weathered all the sun and rain A
And to this day up on that overpass, even underneath
the new paint, you can still see, B
"Allie, will you marry me?" B
Take a ride, look around C
There ain't no doubt C
It sure left it's mark on us, we sure left our mark on it D
We let the world know we were here, with everything we
did D
We laid a lot of memories down, like tattoos on this
town C
There's still a rope burn on the old branch, that hangs
over the river, I still got the scar E
From swinging out a little too far E
There ain't a corner of this hallow ground, that we ain't
laughed or cried on, it's where we loved, F
Lived and learned real life stuff G
It's everything we're made of H
It sure left it's mark on us, we sure left our mark on it D
We let the world know we were here, with everything we
did D
We laid a lot of memories down, like tattoos on this
town C
Like tattoos on this town C
Everywhere, it's where we are E
It gets me right, in my heart E
It sure left it's mark on us, we sure left our mark on it D
We let the world know we were here, with everything we
did D
We laid a lot of memories down, C
And we'll always be hangin' around, like tattoos on this
town C
Like tattoos on this town C
