You helped me finish my term paper
Took all night to get it done
Then we turned it in and loaded up my car
Seven hundred miles later, like bandits on the run
Girl, neither one of us had been that far

On a blanket on the beach there you are...

Chorus
Cut off jeans and sunburned shoulders
Reaching out to pull me closer
Watching that red sun sink lower
In the gulf of mexico

The taste of sweet strawberry wine
On your lips as you kiss mine
Holdin on like you and I aint never lettin go
Feels way too real to be, just a memory

I think about that summer almost every day
It'll always be my favourite time with you.
Cause right there for a moment, I know I held
everything
Then September came and you just disappeared

Girl, sometimes I close my eyes and you're right here...

Chorus

(Instrumental)

No matter what I do there's gonna be a few things I'll
never forget

Cut off jeans and sunburned shoulders
Reaching out to pull me closer
Watching that red sun sink lower
In the gulf of mexico

The taste of sweet strawberry wine
On your lips as you kiss mine
Holdin on like you and I aint never lettin go

Feels way too real to be
Oh it's way too real to be just a memory.
