It feels like more than I can handle
It seems so hard to be hopeful
And all I ask is for a different path
Every way I know is a struggle

Some days I feel so broken down
Just hoping I can make it out
But knowing that You'll see me through
I'm gonna rise to You
Give me all the strength I need
Get me off these busted knees
To do the things that I can't do
I'm gonna rise to You
Rise to You
Rise to You

I hold You closer than a secret
You give me peace when I need it
Calm my heart before I fall apart, yea
You're the only hope I believe in, oh

Some days I feel so broken down
Just hoping I can make it out
But knowing that You'll see me through
I'm gonna rise to You
Give me all the strength I need
Get me off these busted knees
To do the things that I can't do
I'm gonna rise to You

You lift me up when You call my name
I hear Your voice and the world begins to change

Rise to You
Rise to You

Some days I feel so broken down
Just hoping I can make it out
But knowing that You'll see me through
I'm gonna rise to You
Rise to You

Rise to You

I hold You closer than a secret
You're the only hope I believe in
