Feel a little lost
I feel a little blue
Wish I could dim the lights
And find my arms around you

And bury all this space
That keeps two hearts apart
For a moment well be diamonds
In the dark

'Cause you've got it
My reason, my only hope
Believe me, love

'Cause you've got it
I need it
I can't stay away

'Cause you're my sweet,
Sweet medicine, baby
You're sweet, sweet all of the time
Oh sweet, sweet medicine
Save me
Save me tonight,
Save me tonight

I pull you close to me
And kiss you in the dark
First time feelings but
We know just where to start

We dance beneath the sheets
And sing a lovers song
You sing so beautiful
So beautiful,
You are

'Cause you've got it
My reason, my only hope
Believe me

You're my sweet,

Sweet medicine, baby
You're sweet, sweet all of the time
Oh sweet, sweet medicine
Save me
Save me tonight,
Save me tonight

Blue skies
Baby gives me blue skies
Baby gives me blue skies
How I love my blue skies

'Cause you've got it
My reason, my only hope
Believe me, love

'Cause you've got it
I need it
I can't stay away

'Cause you're my sweet,
Sweet medicine, baby
You're sweet, sweet all of the time
Oh sweet, sweet medicine
Save me
Save me tonight,
Save me tonight

Sweet, sweet all of the time...
Save me tonight,
Save me tonight...
Save me tonight...
