Well I know that it's been some time
And I'm a little anxious tonight
And you are too
I see it in your eyes
Oh but I

I wanna move your hair
And see your face
Watch my eyes light up
On your pillow case
And I'll sing you a song
So that you know that you're my only, only one
Yes, you're my only one

Well I know that we haven't been so nice
And I can see that you're a little angry tonight
And I am too
But when all is said and done
I love you

And I wanna move your hair
And see your face
Watch my eyes light up
On your pillow case
And I'll sing you a song
So that you know that you're my only, only one
Yes, you're my only one
And we're not gonna sleep tonight
Not tonight
Not tonight
Not tonight

'Coz I wanna move your hair
And see your face
Watch my eyes light up
In your pillowcase
And I'll sing you a song
So that you know that you're my only, only one
Yes you're my only one
And we're not gonna sleep tonight
