To the world, it's bigger and greater than myself.
Not so far in the distance and yet, so much pressure,
so many expectations
So many barriers and challenges that throw my way
I have nothing left to offer, nothing, but myself
[Verse]
The road I chose is a lonely road
As I travel by myself, guided by the morning sun
But my journey has just begun.
The peaks and valleys overshadows. Hittens promise
for tomorrow
[Chorus]
Still I take the chance to go where no one else will dare
to go
With all my heart and all my soul, I risk it all for me to
know
This is me; no one else, what you see is what you get
Through my joy, through my pain and through all my
regrets
Here am I (here am I) here am I (here am I)
I have nothing but to offer myself (myself). Here am I
Nothing here is what it seems and it feels just like a
dream
I can't define just what it means
Fight through my challenges in this league.
Before I was blinded but now I see what it takes to
victory.
Still I take the chance to go where no one else will dare
to go
With all my heart and all my soul, I risk it all for me to
know
Take me for, as I am when I dooo what I can, nothing
more, nothing less as I stare as a man
Here am I (here am I) here am I (here am I) here am I
(here am I)
I have nothing but to offer myself (myself) here am I
From another side of darkness fall. With every moment
I ain't giving it my all
Never again will I be remembering the same
I'm forever changed (I'm forever changed)
[Chorus]

This is me; no one else, what you see is what you get.
Through my joy, through my pain and through all my
regrets
Take me for, as I am when I do what I can, nothing
more, nothing less as I stared as a man
Here am I (here am I)
I have nothing but to offer myself (myself) here am I
