I can see a tear fall slowly
Don't even walk away so I'll believe
When you say you're sorry
I catch you with a lie, you say you've changed
And you apologize, you think everything's ok, ok
But why can't I believe you even though I want to?
Don't know what you've done to me
Guess I can't forgive you and I really want to
But it's all you ever say to me
I hate sorry, I know that it's not true
It don't mean a thing from you
It makes you think that everything's fixed
With just one word
Makes you feel better
Makes me feel worse
So I hate sorry
I hate sorry
Maybe it's me, I wish I'd knew
How I get so weak when I'm looking at you
Oh, what should I do?

Don't know what you've done to me
Guess I can't forgive you and I really want to
But it's all you ever say to me
I hate sorry, I know that it's not true
It don't mean a thing from you
It makes you think that everything's fixed
With just one word
Makes you feel better
Makes me feel worse
So I hate sorry
I hate sorry
Baby, all those little white lies you told
Build up and now it's getting old
Don't say the word cause I don't need
Another sorry
All the drama that you put me through
Is weighing down on me and you
Don't say the word that I don't need
Cause I hate sorry, I hate sorry
I hate sorry, I hate sorry

I hate sorry, I hate sorry
