Put your bags down for a second
Look me in my eyes babe
Won't you lay down for a second
Never thought I'd say
That I can hardly breathe
Knowing it's your last time next to me
My babe is next to me
And I ain't gonna tell nobody
If you ain't gonna tell nobody
I just wanna love your body
Before we say goodbye
Before we say goodbye

Let's make Love love love
For the last time (For the last time)
And call this closure
We're just gonna call this closure
X2
Woh oh (x3)
Wooh
So we're just gonna call this closure
Wooh

Stay for the moment
Let me just lay your body down
We could just say for the moment
The last time so won't make you cold
But you won't want to leave
So stay here and sleep next to me
Right here next to me
And I ain't gonna tell nobody
If you ain't gonna tell nobody
I just wanna love your body
Before we say goodbye
Before we say goodbye

Let's make Love love love
For the last time (For the last time)
And call this closure
We're just gonna call this closure
X2

Wooh
