### "Final Countdown"

Visit "[Final Countdown](#)" on MotoLyrics.com

We're hanging on by a string,  
But no one wants to end things,  
But you know better,  
And I know better,  
Cause we've tried everything

Not brave enough to break it off,  
I'm thinking of my love for you,  
My heart will stop the day  
You walk out without you girl I don't know what I'd do

It's been 5 long weeks, we haven't touched one  
another,  
Looked at eachother, before you leave  
Oooo I just wanna love ya, keep the memory of ya

Number 3-3  
You don't see me cause I'm coming home late at night  
Number 2-2  
You're doing youtube, I know you got a man on the side

This is the final countdown  
For you and I  
This is the final countdown  
- time to say goodbye -  
This is the final countdownnnnn
