Dance, locust, dance  
The prophets shrug their shoulders as  
Calamity's child lost her head  
In the bell of the trumpet blast

I know you just wanna be on fire  
I know you just wanna be on fire

Jam, radio, jam  
Power to the pirate stations  
Broadcasting up through  
The flowery cracks in the pavement

I know you just wanna be on fire  
I know you just wanna be on fire

The good morning comes  
Like a hit and run  
With a marmalade sun  
For everyone

The good morning comes  
Like a hit and run  
With a marmalade sun  
For everyone

The good morning comes  
Like a hit and run  
With a marmalade sun  
For everyone

The good morning comes  
Like a hit and run  
With a marmalade sun  
For everyone

I know you just wanna be on fire  
I know you just wanna be on fire  
I know you just wanna be on fire  
I know you just wanna be on fire

Staring at the sun

Will only make you blind  
But a fiery glimpse  
Is all you need sometimes
