Though I walked through the shadow of death, I fear no
evil
I've never been afraid of another man, Cause I can see
through
My heartbeat, his heartbeat, my only fear is that he
wont kill me
Cause if he don't, I grab my heart
More hesitate I'm stoppin' this heartbeat

Though I walked through the shadow of death, I fear no
evil
I've never been afraid of another man, Cause I can see
through
My heartbeat, his heartbeat, my only fear is that he
wont kill me
Cause if he don't, I grab my heart
More hesitate I'm stoppin' this heartbeat

Though I walked through the shadow of death, I fear no
evil
I've never been afraid of another man, Cause I can see
