[Chorus]

Keep it on the hush
Keep it on the hush
Feel so damn good girl but keep it on the hush

Keep it on the hush
Keep it on the hush
Feel so damn good but I keep it on the hush

[Hook]

You can ride it like a pony(pony)
Keep it on the hush
Girl come put it on me(on me)
Keep it on the hush
Girl Hush
Keep it on the hush
Feel so damn good girl but keep it on the hush

[Verse 1]

She said lets go
Her man was down stairs
She took me to the second floor
She pushed me in the room on the bed and shut the door
Wasted no time
Started ripping off my clothes
Girl what you doing! (Damn)
She put her birthday suit on
I was like Waah!
Made up my mind
Turned up the radio
Keep it on the low
Keep it on the hush, I wanna hear what's for show!

[Chorus]

Keep it on the hush
Keep it on the hush
Feel so damn good girl but keep it on the hush

Keep it on the hush
Keep it on the hush

Feel so damn good but I keep it on the hush

[Hook]

You can ride it like a pony(pony)

Keep it on the hush

Girl come put it on me(on me)

Keep it on the hush

Girl Hush

Keep it on the hush

Feel so damn good girl but keep it on the hush

[Verse 2]

I gotta get home

My girl thinks I'm sleeping

In the guest room(Oooo)

If she found that I was cheating(leaving)

Middle of the... Middle of the night creeping

What would she do

Pulled up to the crib around 2

Heard a noise from the stairs

I asumed it's a friend

Opened up the door

There's a new friend named Tag Grief Ben, And he's
singing

[Chorus]

Keep it on the hush

Keep it on the hush

Feel so damn good girl but keep it on the hush

Keep it on the hush

Keep it on the hush

Feel so damn good but I keep it on the hush

[Hook]

You can ride it like a pony(pony)

Keep it on the hush

Girl come put it on me(on me)

Keep it on the hush

Girl Hush

Keep it on the hush

Feel so damn good girl but keep it on the hush

[Verse 3]

All this creepin

Got me reminising about the times that I was sneaking

In your mom and pops house when they was sleeping
creeping

In your bedroom(Oooo, Oooo, Shawty)

Had you feening

You know I put you down so you had a good reason

Hands over your mouth
In case you started screaming from the freaking
In your bedroom(Oooo)
I had to tell you!

[Chorus]

Keep it on the hush
Keep it on the hush
Feel so damn good girl but keep it on the hush

Keep it on the hush
Keep it on the hush
Feel so damn good but I keep it on the hush

[Hook]

You can ride it like a pony(pony)
Keep it on the hush
Girl come put it on me(on me)
Keep it on the hush
Girl Hush
Keep it on the hush
Feel so damn good girl but keep it on the hush
