I told you I was going out with my friends  
You following us you're spying on me ya again,  
How can I keep loving you  
Acting like a bug a boo,  
More than... just your love is far from... call  
Searching to my phone is something like I...  
TIU STA, say you're crazy about me but you're just  
insane.

Boy you beg and you please, asking me for a chance  
I forget and forget and you do play again,  
And I hate and I wait and I fell in love  
But I know you're so wrong for me just because

Chorus:

He's a maniac, maniac for sure, for sure  
But my friends tell me to just leave him alone,  
I gotta leave him alone,  
He's a maniac, maniac, oh no no, oh no no no  
And I think it's time for me to... and go.

I told you I was going out with my friends
