She the type of girl to make you lazy.
Don't wanna do a thing,
I've been thinkin' crazy lately.
Like buying her a ring,
I used to be at the party with ladies gettin' down...
I used to play with them girls but I'm thinkin' differnet
now,
Oh she's a star, she makes me fly...
Taking me places, I've never seen...
Two worlds apart, but she don't mind...
Cause she's got her wings...

She takes me to a place where no one cand find us
And we be all alone on a deserted island
We losing track of time moments together are timeless
She took Me to a place where nobody can find us

She's My Message in the Bottle (ooooh)
No S.O.S. just it may shock ya
Yeah Here's My Message in the Bottle (ooooh)
Love where I'm at don't wanna come home
Yeah Here's My Message

Can't wait to wake up in the morning...

Knowing she'll be around
Heaven should of sent a warning
If I was sending me an angel down...
I used to chase all the money, the cars and all them
broads...
But I don't care for them things ever since she stole my
heart,
Oh she's a star, she makes me fly...
Taking me places, I've never seen...
Two worlds apart, but she don't mind
Cause she's got her wings...

She takes me to a place where no one cand find us
And we be all alone on a deserted island
We losing track of time moments together are timeless
She took Me to a place where nobody can find us

She's My Message in the Bottle (ooooh)
No S.O.S. just let it shock ya
Yeah Here's My Message in the Bottle (ooooh)
Love where I'm at don't wanna come home
Yeah Here's My Message
