Like a blade of grass in a field
I'm a needle in a hack
Stackwell atleast that's how I feel
A dandelion floatin in the wind
A lonley ghost you don't notice my exsistence

But one day you will notice me in a crowd or a
room(ayee ayee)
One day you will notice me notice my face will live
happily (hey hey hey)
You'll be all over me and
You'll be my everything and
In me you'll see your dreams instead of looking
through me
We'll make the sweetest lovin
We can't reframe from touchin
Look at me with a blushin instead of looking through
me

Woahh woahh woahh
Baby I'll be more woahh woahh woahh
More then invisible
Woahh woahh woahh
Baby I'll be more woahh woahh woahh
I'll be more then invisible

But for now I'll be the shell on the beach
And on the willow tree I'm the smallest leaf
I'm a grain on sand sittin in the park
A lonely soul in the dark

But one day you will notice me in a crowd or a
room(ayee ayee)
One day you will notice me notice my face will live
happily (hey hey hey)
You'll be all over me and
You'll be my everything and
In me you'll see your dreams instead of looking
through me
We'll make the sweetest lovin
We can't reframe from touchin

Look at me with a blushin instead of looking through
me

Woahh woahh woahh
Baby I'll be more woahh woahh woahh
More then invisible
Woahh woahh woahh
Baby I'll be more woahh woahh woahh
I'll be more then invisible
