In my life and in my heart
No words can say what I feel
cause if everything is true
It's what I have found in you
Lord to me there is nothing so real
And though there is no way I can repay you
I'll give you whatever you want

CHORUS:

I'll live a life that says you give me every song
with my every breath I'll make your mercy known
With every soul on earth were all alone
I will Love you I will Love you

Angels see you face to face
If I could I'd take their place
and pour out my heart to you,
but what they don't understand
is to know your grace first hand,
how it feels to love like I do.
Yes you bring me to my knees with your kindness,
there's nothing that I can hold back...

Repeat Chorus

BRIDGE:

With all I am and everything I have,
a day became myself to doing one thing right..

I will love you oooohhh.
with my every breath I'll make your mercy known
with every soul on earth were all alone
I will Love you I will Love you
Lord, I will love you
Lord, I will love you
