You satisfied my soul  
And I stand amazed  
At the blessings I know and still  
to this day the mercies you show  
Make it clear to see  
That you love me.

And you give each breath I breathe  
You color, the skies with beautiful leaves  
You've proven that you will provide for my needs  
The way you feel me Lord,  
How could I ask for more?

And now I'm satisfied, satisfied  
I've been cared for so faithfully  
But Lord hear my plead  
May it be that you're satisfied with me.

You give me grace without end  
And you have forever removed all my sin  
and now the maker of heaven  
and earth calls me friend  
and from the joy that brings  
oh how my spirit seems.

That I'm satisfied, I'm satisfied  
I've been cared for so faithfully  
But Lord hear my plead  
And may it be that you're satisfied with me.

Lord, hear my plead  
May it be that you're satisfied  
are you satisfied,  
please be satisfied with me.
