Everybody covets, everybody lies
everybody's done it sometime in their lives
and we all slip, we don't mean to
that don't mean you, can't make it right

Chorus

It's the path you take
the steps you make
that make you who you are
it's the life you live
the gifts you give
the love that's in your heart
just try to do the best you can
to be a better man
you don't have to walk on water
it's how you walk on land

Everybody judges, everybody else
everybody's done it,
to everyone one but themselves

we know what's right, but we still go wrong
and life still goes on
even when we fail

Chorus

It's the path you take
the steps you make
that make you who you are
it's the life you live
the gifts you give
the love that's in your heart
just try to do the best you can
to be a better man
you don't have to walk on water
it's how you walk on land
(repeat)

bridge

you don't have to walk on water
it's how you walk on land
