[Jason Derulo - Verse 1]

Take that out rake that out
That's my song that's my song
Where my drinks
I've been waiting much too long much too long
And this girl in my lap passing out, she's a punk
The last thing on my mind is going home

From the window to the wall
This club is jumping, til tomorrow
Is it daylight or is it nighttime
1 o'clock 2 o'clock 3 o'clock 4
We gon' tear the club up til

[Chorus]

Ayo me say day oh
Daylight come and we don't wanna go home
Yeah so we losing control
Turn the lights low cause we about to get blown

Let the club shut down
We won't go oh oh oh
Burn it down
To the flo oh oh oh
Ayo me say day oh
Daylight come and we don't wanna go home

[Jason Derulo - Verse 2]

We drink the whole bottle but it ain't over over
Errbody jumping on the sofa sofa
Standing on the chairs
Standing on the bars
No matter day or night i'm shining
Bitch i'm a star

From the window to the wall
This club is jumping, til tomorrow
