like a blade of grass in a field  
im a needle in a hack stack  
at least that's how i feel  
a dandelion floatin in the wind  
a lonley ghost you dont no my exsistence

but one day you'll notice me in a crowd or a room(ayee  
ayee)  
one day you will notice me and notice my face will live  
happily (hey hey hey)  
you'll be all over me and  
you'll be my everything and  
in me you'll see your dreams instead of looking  
through me  
we'll make the sweetest loven  
we cant reframe from touchin  
look at me with a blushin instead of looking through me

woahh woahh woahh  
baby ill be more woahh woahh woahh  
more then invisible  
woahh woahh woahh  
baby ill be more woahh woahh woahh  
ill be more then invisible

but for now i'll be that shell on the beach  
and on the willow tree im the smallest leaf  
im a grain of sand sittin in the park  
a lonely soul in the dark

but one day you'll notice me in a crowd or room(ayee  
ayee)  
one day you will notice me notice my face we'll live  
happily(hey hey hey)  
you'll be all over me and  
you'll be my everything and  
in me you'll see your dreams instead of looking  
through me  
we'll make the sweetest (?)  
we cant reframe from touchin  
look at me with a blushin instead looking through me

woahh woahh woahh  
baby ill be more woahh woahh woahh  
more then invisible  
woahh woahh woahh  
baby ill be more woahh woahh  
ill be more then invisible
