I met her at the club in a pair of high heels
That's... tight, words can't explain how she made me
feel
I'm a bird's night, red lipstick, red dress, I'm not... but
she's blessed
I've told my boss I'm in love with the girl in red
And that's when he said:

Chorus:

You must be crazy, what you're doin, doin doin
Don't you know what bout the girl
That you've been screwin, screwin, screwin, screwin,
screwin
She's the most popular girl in town, professional she go
down
She's the most popular girl on the streets
Lovin everybody she needs
She's the most popular, popular
She's the most popular.
