You hoo hoo!  
Baby you hoo hoo!  
This ship is going down  
This ship is going down  
Come save my life right now  
Save me before I drown  
My heart is breaking down  
My heart is breaking down  
You can make this all better baby

Be my way out

Tell me you wanna be my baby  
I turn in my player's card  
Just say you ? to save me  
Yeah yeah yeah yeah  
Never had one to give my heart to  
Three words never spoken  
Baby there's no limit to what I give you what I give you
