If you al'ow
Kissin' noww
We could have the time of our lives
I'll pretend we're more than friends
Hold you close, just for tonighhht

And even though we're not in loovve
Time with you was just enough
Now that we're donee, it was fuun
But chu got me singin' like
Ooohhh iitss aa teemporraarry lovve, loovve
(still got me open, just give me one motion)
Ooohhh iitss aa teemporraarry lovve, loovve
(lets do sumthin crazy, we're livin the moment)
No no, temporary love
No no, temporary, I cant seem to get in lovee

Im goin' temporary love

Ohh we, supposed to be, not as fun
The tiime beginn
Suuuddenlyyy, whooo would think
That one day I got feellinggss

And even though we're not in loovve
Time with you was just enough
Now that we're donee, it was fuun
But chu got me singin' like
Ooohhh iitss aa teemporraarry lovve, loovve
(still got me open, just give me one motion)
Ooohhh iitss aa teemporraarry lovve, loovve
(lets do sumthin crazy, we're livin the moment)
