DREAMBOATS AND PETTICOATS
Dreamboats and petticoats,
Pick me up and hold me close
You are everything I'll ever neeeeed
Candy floss and caravans
Kiss me quick and hold my hand
All your promises I will believe

Time will take its toll on us
Love won't fade our love wont rust
We will stay young because

Fairgrounds and water rides
I can see the love light in your eyes
I hope it stays there for a thousand yeeers
Movie stars on silver screens
Singing songs of sweet sixteen
Echo through the laughter and the tears

Time will take its toll on us

Love won't fade our love wont rust
We will stay young because

Sha la laa la la la laaa
Sha la la la la la la laa

Time will take its toll on us
Love won't fade our love wont rust
We will stay young because

Candy floss and caravans
Kiss me quick and hold my hand
All your promises I will belieeeeeeeve
Dreamboats and petticoats
Pick me up and hold me close
You are everything I'll ever -- need
