Oh, every day (x4)

I may never give you flowers
I may be working all these hours
To build a life for me and you

I may never seem to show affection
Please don't take this as rejection
Cos everything I do I do for you
But even if I don't show you how i feel

Oh every day
My love is stronger
And every day in every way
I love you more

I may be working overtime
But that don't change this heart of mine
It's always true, it's only me and you

I may always seem to say goodbye
But that don't change my one desire
To be with you
To be with you

Don't you know by now
My love is real

Oh every day
My love is stronger
And every day in every way
I love you more

Oh every day (x4)

But even if I don't show you
How i feel
