I spent last night in a hotel room
Lord I think I'm losing my mind
But she calls me up and says come home soon
Everything's gonna be fine
Everything's gonna be fine

I'm leaving Indiana for New Orleans
Driving down sixty-five
I've got a song and some gasoline
Everything's gonna be fine
Everything's gonna be fine

Chorus:

There's nothing in the world that can pull me down
Not enough chain to keep me bound
Let it rain until the sun comes out
Everything's gonna be fine
Everything's gonna be fine

There's a man talking to me on the telephone
He says I'm falling behind
I do what I can and I try to hold on
Everything's gonna be fine
Everything's gonna be fine

(Chorus)

I make my living chasing my dreams
Lord won't you give me a sign
When the lights come on and the people sing
Everything's gonna be fine
Everything's gonna be fine

Chorus 2:

We all hold on and we spin around
Ashes to ashes we all fall down
You get back up and put your feet on the ground
Everything's gonna be fine
Everything's gonna be fine

I spend my days spinning my wheels
Lord I'm just riding/writing this line
But she's waiting up when I get home
Everything's gonna be fine
Everything's gonna be fine
Everything's gonna be fine
Everything's gonna be fine
