I never wanted to be a part of it  
You never asked me if I'm still doin' all right  
You were so blind

You taught me a lesson and I'm still rehearsing it  
I tried to find a simple answer that night  
But I was lame in my mind

Sweet voices, more excuses  
Damn, it took too long  
You ate me, tasted me  
And spit me out

Tonight the smoke did clear  
I saved my soul in the easiest way  
I stay till I dive deep  
It's the only place where salvation's cheap

I had no money for the cheapest aeroplane  
Believe me I would surely stay in the clouds  
To be lost and not found

Just like that guy I would spread my wings and fly  
But I'm not Sammy and I ain't no bird so I stay  
At the Emerald Bar

I won't be chasing your dreams that made me sick  
Being with you poisoned my days  
I won't be waiting for yesterdays to come  
Just one more drink that's the ultimate way
