Usually I get fighting mad
When I'm late for work and the traffic's bad
Usually I would cuss that man for cutting in my lane
Usually I just can't resist the urge to scream and shake
my fist
Usually it just wrecks my day
Usually I don't act this way

But she's here now
Turning everything around
It's not every day I get to wake up into a dream
I wonder where she hides her wings
Cause girls like that don't fall for guy's like me

Usually

Usually I don't sing along
To slow and sappy sweet love songs
Usually I don't say I'm wrong 'bout much of anything
Usually I don't fall so hard
Open up and share my heart
Go all in and show my cards
Usually it don't get that far

Chorus

Don't know how I made it through this crazy life without
her
