Verse1:

I must go through this all the time,
Cause when you search you might not find,
Love is blind cause it won't see me.
But when I look into your eyes,
The truth might run but it can't hide,
What you feel inside,
But what you feel ain't real until you've tried.

Chorus:

But if you never call or say anything at all,
I will know,
Cause I see it in the way you look at me.

Verse2:

Don't let your tears fall to the floor,
Cause you're deserving so much more,
It's hard to see when you've been crying,
But when I look into your eyes,
I feel the same as you inside,
But please don't drop the ball,
And if you slip don't trip cause you will fall.

Bridge:

Close your eyes, look at me.
What you feel is all I need.
If just one dream would come true.
I'd give anything to be with you.

Verse3:

And why can't love get in the way,
Forever's longer than today,
My whole world revolves around you.
With every blink you light my sky,
And every breathe I wonder why,
Both our worlds collide,
The truth inside might run but it can't hide.

Chorus:

But if you never call or say anything at all,
I'll still know,
Cause I see it in the way you look at me.
