[Chorus:]

All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!  
And for you, you, you, back it up and dump it!  
O.K.!

All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!  
And for you, you, you, back it up and dump it!  
AY!

Back it up and dump it! Back back it up and dump it  
Back it up and dump it! Back back it up and dump it  
Back it up and dump it! Back back it up and dump it  
And for you, you, you back it up and dump it!

[Verse 1: Smoove]

We are on, and I'm in the zone,  
Everything is in doubles,  
Everybody got a clone!  
You see two women so I see four,  
Bout' to back it up and dump it,  
Make sure it hit the flow!  
All I need is a beat that's super bumpin  
And a chick with a face something like Latoya Lugget,  
We both pass on,  
Something like a puppet,  
And her booty like a pillow,  
Make it smooth, wanna fluff it.  
Make that back drop like a new song or album,  
I just wanna play all in your middle like Malcolm.  
My name ain't Vick, but I'm something like a falcon  
Im fly as I wanna be, with all the women under me.

[Chorus:]

All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!  
And for you, you, you, back it up and dump it!  
O.K.!

All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!(OK!)

All I need is a beat that's super bumpin!  
And for you, you, you, back it up and dump it!  
AY!

Back it up and dump it! Back back it up and dump it  
Back it up and dump it! Back back it up and dump it  
Back it up and dump it! Back back it up and dump it  
And for you, you, back it up and dump it!

[Verse 2: Yung]

I'm in the back off that Carnavaux,  
With the light on my neck like a Carnaval,  
Is too many girls and I want them all,  
The way they bounce that thing like a  
basketball!(Boing!)  
Call on my Willy, he's talking about Wonka,

She backed it up and dump him like a truck Tonka  
And yeah ya boy's its on,  
Just to fly on my red bull drink when the boy passed by.  
She's looking like a keeper,  
So I think I need her,  
She said her name was Nina,  
She reminded me of my heater.  
So I grabbed her by the waist, pulled her back  
And made her dump it!  
Criminal booty, oh my God, I could cuff it!

[Chorus:]

All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!  
And for you, you, you, back it up and dump it!  
O.K.!

All I need is a beat that's super bumpin!  
All I need is a beat that's super bumpin!  
And for you, you, back it up and dump it!  
AY!  
Back it up and dump it! Back back it up and dump it  
Back it up and dump it! Back back it up and dump it  
Back it up and dump it! Back back it up and dump it  
And for you, you, you, back it up and dump it!

[Verse 3: Jayare]

Hey, Shwaty is like a stripper,  
Look at her legs she can't get no thicker,  
And if she did, then she would be fat,  
Back it up and dump it for me, baby just like that!  
Hey ya! Baby let your weave down,  
If you ain't with the boys in the V.I.P league now,  
Cause Bone get scummy and I like rhyming,  
So grab that pole, and slide down like diamond,

And her thong, it ain't no finding,  
All of that booty, big booty Judy,  
I think me and you girl should go and make a movie,  
I'm not playing games, just calling you for the duty.

[Chorus:]

All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!  
And for you, you, you, back it up and dump it!  
O.K!  
All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!(OK!)  
All I need is a beat that's super bumpin!  
And for you, you, you, back it up and dump it!  
AY!  
Back it up and dump it! Back back it up and dump it  
Back it up and dump it! Back back it up and dump it  
Back it up and dump it! Back back it up and dump it  
And for you, you, you, back it up and dump it!
