She's always there beside me
No matter what the cause
Holding things together come what may
She's the one that guides my soul
Whenever it get lost
Keeps me on the straight and narrow way

Don't know where I'd be
Without that womans touch
How does a man like me
Deserve to be so loved

Only heaven knows how much
I really need her
Heaven knows why she even stays
Always picking up the pieces
Of the world I tear apart
So for all the hell I put her thru
Heaven help her heart

Well I recall last winter
We didn't have a dime
Work was hard to find
And so was I
Well I was at the bottom
I had no hill to climb
Didn't even have the will to try

Just like an angel she reached out and took my hand
And gave me dignity to stand up like a man

Only heaven knows how much
I really need her
Only heaven knows why she even stays
Always picking up the pieces
Of the world I tear apart
So for all the hell I put her thru
Heaven help her heart

Heaven knows how much
I really need her
Only heaven knows why she even stays

Always picking up the pieces
Of the world I tear apart
So for all the hell I put her thru
Heaven help her heart

So for all the hell I put her thru
Heaven help her heart
