Oh yeah..

Drivin' by the drive in movies  
Started thinkin' 'bout me and Suzie  
And how we used to spend those Saturday nights  
Later on we'd be out cruisin'  
Dashboard drummin' to our favorite music  
Kissin' on the porch till her mama flashed the light  
We had the world in the palm of our hands  
I guess fate had other plans

This used to be our town  
There wasn't a back road we hadn't been down  
This used to be our town  
Every inch is still sacred ground  
Now I'm driving these streets and her sweet memory  
still makes my heart pound  
This used to be our town

Suzie cried the day that I left for college  
Didn't give a damn about higher knowledge  
All she really wanted was a family  
When I got back there was nothin' I could do

Her first baby was almost two  
I guess she's doin' fine without me  
Now some thing's change and some thing's don't  
Some thing's wait and some thing's won't

This used to be our town  
There wasn't a back road we hadn't been down  
This used to be our town  
Every inch is still sacred ground  
Now I'm driving these streets and her sweet memory  
still makes my heart pound  
This used to be our town  
This used to be our town...

Now I'm driving these streets and her sweet memory  
still makes my heart pound  
This used to be our town  
This used to be our town...
