I knew you wouldn't answer after the things we said
that night
You were crying, I grabbed the keys and said goodbye
Well, hang on please, don't hang up, let me talk to our
machine
I've had all this time to think about what you mean to
me

And I know you said it's over
But my heart's telling me that that ain't right
And I know it can't be over
'Cause I still wake up reaching for you in the night
It took leaving for me to realize there's no good in
goodbye

Well, I'm listening to the talking, should I pick up the
phone?
And lay my pride aside and say come home
I've played that moment over, time and time again
When giving up seemed easier than just giving in

And I know you said it's over
But my heart's telling me that that ain't right
And I know it can't be over
'Cause I still wake up reaching for you in the night
It took leaving for me to realize there's no good in
goodbye

I'll try to call you one more time
Oh, baby, if you'd just call me one more time
And I'll tell you, I'll tell you

I know you said it's over
But my heart's telling me that that ain't right
And I know it can't be over
'Cause I still wake up reaching for you in the night
It took leaving for me to realize there's no good,
there's no good
No good, there's no good in goodbye

There's no good in goodbye
No good in goodbye
