I think honesty is right, think lying is wrong.  
I think Willy and Haggard wrote some awful good  
songs.  
I think God rides around with the radio on, in a ragged  
ole truck just like mine.  
I don't think it's as bad as the newspaper says.  
I think Vegas is rigged, But then I wouldn't bet on these  
theories and thoughts rollin' round in my head,  
Cuz they change and they turn on a dime.

Chorus:

But I know there's a sun and at night there's a moon.  
I get cold in December and sunburnt in June.  
This ole world keeps turnin'  
Time it ain't movin, it's slow!  
There's a woman that loves me like nobody can.  
She's my reason for livin', the reason I am  
the luckiest man in the world.  
And that's all I know.

I think taxes are high, think politics stink.  
But old Uncle Sam don't give a damn what I think.  
And I don't believe worms oughta be in a drink,

But I swallowed once on a dare.  
Think there's only one Beatles and Elvis is dead.  
And I don't believe half of the stuff we been feed,  
from the spoons in the hands of those ole talkin' heads  
I'm not even sure that I care.

Chorus:

But I know there's a sun and at night there's a moon.  
I get cold in December and sunburnt in June.  
This ole world keeps turnin'  
Time it ain't movin, it's slow!  
There's a woman that loves me like nobody can.  
She's my reason for livin', the reason I am  
the luckiest man in the world.  
And that's all I know.

I've got a family that loves me like nobody can.  
They're my reason for livin', the reason I am

the luckiest man in the world  
I'm the luckiest man in the world!  
And that's all I know.  
That's all I know  
That's all I know!!
