Where am I now this desert so familiar  
This loneliness has scarred me before  
Is this where You're found or is this where You have  
brought me  
Your voice no longer can I ignore

My heart lies in pieces  
Please pick me up and put me back together again  
Like only You can

Abba Abba  
You're like water to this soul  
Abba I need You  
Cause I've got no where else to go

Is that You there whispering so softly  
And calming all the madness inside  
All I have I bare and it still amounts to nothing  
But You're telling me it's ok to cry

Now I now lie in pieces  
But this brokenness is all You ever wanted from me  
So You can take control

In Your sanctuary's where I long to be  
For this desperate heart has found no better place  
Than to be found in You  
Than to be found in You
