Did you get my message, the one I left
While I was trying to convince everything
That I meant in a minute or less when I called to
confess
And make all of my stresses go bye-bye

Did you get my message, you didn't I guess
"cause if you did you would have called me with your
sweet intent
And we could give it a rest
'stead of beating our breast
And Making all of these pressures go sky-high

Do you ever wonder what happens to the words that we
send
Do they bend, do they break from the flight that they
take
And come back together again with a whole new
meaning
In a brand new sense, completely unrelated to the one I
sent

Did you get my message, ooh ooh ooooh
Did you get my message, ooh ooh ooooh
Did you get my message, yeah, ooh ooh ooooh hoo

Uh oh, where did it go, must have bypassed your
phone
And flown right outta the window
[TP:] oh well, how can I tell?
Should I call the operator?
Maybe she know the info
'Bout whether or not my message you got was too
much or a lot to reply
[TP:] why not try this for a fact
Should you ever call back I'd relax and be relieved of
my panic attack

Ahh hoo ooh
Did you get my message, ooh ooh ooooh
Did you get my message, ooh ooh ooooh

Did you get my message, yeah oooh oooh oooh hooo

Did you get my message, the one that I left
While I was trying to convince everything that I meant
[TP:] Now the moment has passed
Not much sand in the glass and I'm standing to lose my
mind
Do you ever wonder what happens to the words that we
send
Do they bend, do they break from the flight that they
take
And come back together again with a whole To the
matter of our love's defense, at least be sympathetic to
the time I spent

Did you get my message, oooh oooh oooh
Did you get my message, oooh oooh oooh
Did you get my message, yeah oooh oooh oooh hooo
Did you get my message
[TP:] no I didn't hear a word you said
Did you get my message
[TP:] no I'm not gonna believe your lies anymore
Did you get my message that I want to reconnect with
you
Did you get my message
[TP:] I can hear you say your coming but I don't hear
Why did you get the message love ?
That I want to get back with you
Did you get my message love
That I want to reconnect with you
Why did you get the message love ?
Did you get my message
[TP and Mraz:] That I want to reconnect with you
