One love, one heart
Oh let's get together now and we can feel alright
Let them all pass their dirty remarks
There is one question I'd really love to ask
Is there a place for the hopeless sinner,
Who has hurt all mankind just to save his own beliefs?

One love, one heart
Let's get together now and we can feel alright
Let's get together to fight this Holy Armageddon
So when the man comes
There won't be no no doom
Have pity on those who chances grow thinner
Cause there ain't no hiding place from the Father of
creation

Oh one love what about the love, one heart
Oh lets get together now and we can feel alright
One love, one heart
Let's get together now and we can feel alright
I said lets let's get it together now
And we can feel alright

One love, one heart
O lets get together now and we can feel alright
One love what about the love, one heart
Let's get together now and we can feel alright
I said lets get together we're gonna fell alright
I said lets lets get it together now and we can feel
alright
