speaking:

uh this is a really old one that i never had finished

sings:

im older than i look i see
the man staring at my id
he reads my face
and studies lines, no plagerising
no copyright,
im right before your very eyes
when you say my name
and suddenly im young again
young as he thinks i am

all the words that i hoped you say
were stated right there in the cafe
we stayed out late and spoke of all the worlds
perfections
this perfect date was headed in the right direction
conversation break
we spoke more in the silence
we got a little lot of what we want

what we wannnt
what we want
what we wa- aant
is what we want
oooookay

im so in love
finallly
i waited patiently for all of my life
it happened overnight
we spoke more in the silence
we got a little lot of what we want

speaks:

something like that.

its kind of a love song that i got started and then the
love kinda ended before i ever finished the song. the

only part i ever really finished was the what we want,
and its kind of ironic because neither of us knew what
we wanted.

sings:
what we want
