Are you dancing with your partner, or are you pushing
them around?
Are you begging for attention, or do you love the one
you found?
Are you giving up your Saturdays to waltz all over
town?
Or is everyday your jolly holiday with the merry you're
with now?
You could give it all away, give it all and be
unstoppable
All away, everything is really possible
All away, you never really owned it anyway
It'll all fall in place if you just let go, um
Don't dress up your children like dolls from your past
Well they'll run from you madly, they'll never look back
And when they grow older they'll do just the same
The world's a reflection of how children play
Well you could it all away, give it all and be
unstoppable
All away, make empty meaningful
All away, you never really owned it anyway
It'll all fall in place if you just let go, oh
When you're in the mood, baby
Hear just what your heart has to say
When the world is turning topside in turbine think
you'd better hurry down, to the bottom of your soul
And be loved
Your word is your access; your mouth is your door
Let's slide down inside there and see what's in
store
In the middle there's a rhythm picking; that's a freakin'
heartbeat
At the bottom there a lot of water keeping your soul
deep
You could give it give it all and be unstoppable
All away, everything is really possible
All away, you never really owed it anyway
It'll all fall in place if you just let go, oh oh oh
Yeah, when you're in the mood, pretty baby
Hear just what your heart has to say
When the world is turning topside in turbine think
you'd better hurry down, to the bottom of your soul

Get down, give it all, and be loved
Doo doo doo doo doo doo doo...
Be loved, be loved, be loved.....
