I think you could teach me a thing or two about you
Well the first I've learned is the proof
That you're punctual
And from the state I'm in it's unusual to begin
on time
The paradigm is you is you cause you will never come
late
Believe it or not now lately I'm learning a lot
By waking up early to the cell phone clock alarm goes
off and I'm off
And over to the coffee shop at the corner of my block
Where I'm one cup and ready to go

And I know that that's cheating but it's probably
a reason why I do
I wanna catch up to you,
Oh yea I better catch up, I wanna catch up
I, I wanna catch up to you
I, I wanna catch up to you
I, I wanna catch up to you
I, I wanna be there for you

Do you remember when we met beside the soda
machine?
You were green in the eyes and still shining like you do
all the time,
And I asked you why
Is it because of the cola that you lost control and your
hands are cold
You're standing like a walk in the park

And sometimes I like a meanie but it's probably
reason why I do
I do, I wanna be just like you
So I gotta catch up, I gotta catch up
I wanna catch up to you

I, I wanna catch up to you
I, I wanna catch up to you
I, I wanna be there for you

I wanna catch up to you

I got to get up with you
I wanna catch up to you
I've got to catch up to you

When I say heehee, I say hoohoo baby b b
baby b b baby don't you go
When I say heehee, I say hoohoo baby b b
baby b b baby don't you go

I, I want to catch up
I've got to catch up with you
It's what I what I wanna do oo

There you are
You are not that far
Yea I could be a gentleman
I could be a gentleman
If I could only catch up
To you
Yea I could be a gentleman, baby
Yea I could be a gentleman
If I, If I, could only catch up
