Did you get my message, the one I left  
While I was trying to condense everything  
That I meant in a minute or less when I called to  
confess  
And make all of my stresses go bye-bye

Did you get my message, you did not guess  
'cuz if you did you would have called me with your  
sweet intent  
And we could give it a rest  
'stead of beating my breast  
Making all of the pressure go sky-high

Do you ever wonder what happens to the words that we  
send  
Do they bend, do they break from the flight that they  
take  
And come back together again with a whole new  
meaning  
In a brand new sense, completely unrelated to the one I  
sent

Did you get my message, ooh ooh ooooh  
Did you get my message, ooh ooh ooooh  
Did you get my message, yeah, ooh ooh ooooh hoo

Uh oh, where did it go, must have bypassed your  
phone  
And fallen right outta the window  
[Rachel Yamagata:] ooh well, how can I tell?  
Shoulda called the operator maybe she know the info  
But whether or not my message you got was too much  
or a lot to reply  
[Rachel Yamagata:] why not try this for a fact  
Should you ever come back I'd relax and feel relieved  
Before my panic attack

Ahh hoo ooh  
Did you get my message, ooh ooh ooooh  
Did you get my message, ooh ooh ooooh

Did you get my message, yeah ooh ooh ooooh hoo

Did you get my message, the one that I left  
While I was trying to condense everything that I meant  
[Rachel Yamagata:] Now the moment is passed  
Not much sand in the glass and I'm standing to lose my  
mind  
Do you ever wonder what happens to the words that we  
send  
So they bend, do they break from the flight that they  
take  
And come back together again with a whole new  
meaning  
In a brand new sense, and please be sympathetic to  
the time I spent

Did you get my message, ooh ooh ooh  
Did you get my message, ooh ooh ooh  
Did you get my message, yeah ooh ooh ooh hoo  
Did you get my message  
[Rachel Yamagata:] no I didn't hear a word you said  
Did you get my message  
[Rachel Yamagata:] no I'm not gonna believe your lies  
anymore  
Did you get my message that I want to reconnect with  
you  
Did you get my message  
[Rachel Yamagata:] I can hear you say your coming but  
I don't hear  
Why did you get the message love ?  
That I want to get back with you  
Did you get my message love  
That I want to reconnect with you  
Why did you get the message love ?  
Did you get my message  
[Rachel Yamagata and Mraz:] That I want to reconnect  
with you
