Keep your eyes open as if
Love could come a walkin as if
Everything else is meaningless, meaningless
And that's the way it oughta be
Mysteries, especially she
Oh everything else
Is almost meaningless, meaningless
Oh say
Well i will always feel that way
And if a time a change should come
You'd remember my name
Oh say
Well i will always feel that way
And if a time a change should come
You'd remember my
You'd remember my name

Keep your eyes open as if
Everyone's a poet as if
Everything else is meaningless, meaningless
And that's the way it oughta be, yea
Mysteries, including me
Oh well everything else
Is almost meaningless, meaningless
Oh yea, oh say
Well i will always feel that way
And if a time a change should come
You'd remember my name
Oh say
Well i will always feel that way
And if a time a change should come
You'd remember my
You'd remember my
You'd remember my name

To be a little bit advanced
You gotta take a little bit of a second chance
On life
You gotta get on up and dance
You better throw all your precious plans
Better wave them goodbye
A buh bye, buh bye, bye bye bye

Ya gotta keep your eyes open
As if everything else is just along
Come along on it's way
And that's the way it oughta be
Well mysteries in everything
Well i say, i say
Well i, i will always feel that way
And if a time a change should come
You'd remember my name
Oh say
Well i will always feel that way
And if a time a change should come
You'd remember my
You'd remember my
You'd remember my name
