Hey love, where you going to?

You're not sleeping anymore, you're just trying to.

Stay love, where you running to?

Awful happens all the time, don't let it kill you.

Easily with me I feel as fast as I can see..

Afraid of the horror stories I fall down on my knees.

Come away, come away

From all these things unheard

If a chosen word has got you cornered

Then it's a lesson learned

Like close the book before it burns you.

Come away, come away

From all these things unseen

At the price you paid I promise you won't believe
anything they say

Belief will only disappoint you

Well in case you never noticed the path you never
chose has chosen you.

Don't be afraid to face and break it, your secrets...yeah...

Don't be afraid to face and break it, your secrets...stay,
stay...

hey, hey love where ya goin'? ya goin to...

You're not sleepin' in, you're not sleepin' in, no, not...

Hey love, hey love, hey love, where ya runnin' to?

Awful happens all the time, try not to let it kill you...
