I'm dreaming of your face
I can see your beauty
Through ten and a half thousand yesterdays
A waning moon illuminates
All the secrets I've been keeping
And casting off of my balcony

(Oh, I, I, I, I)
I, I hope you notice
That I, I'm still in love with you
Yes, I

I'm coming over tonight
I'm coming over tonight
I hope you notice I was never over you

When we hold on to things we said
It makes it more confusing
I won't let the past get in my way
Surrender to the eternality of now
And enjoy the midnight serenade

(Oh, I, I, I, I)
I, I hope you notice that I

I'm coming over tonight
I'm coming over tonight
I'm coming over just to say goodnight
I hope you notice I was never over you
I hope you notice I was never over you

My mind is running
But I still hear the music all around me
Profoundly
I, I, I, I
God, I love this
If ever there was a place that I could stay
I found it
I, I, I, I
I, I hope you notice
My love

I'm coming over tonight
I'm coming over tonight
I'm coming over just to say goodnight
I hope you notice I was never over you
I hope you notice I was never over you
